**CHOPIN'S CONCERT IN MYŚLEWICKI PALACE IN ŁAZIENKI –
October 29th – 7.00 p.m.**

Myślewicki Palace

Named for the village of Myślewice, the little palace was built by King Stanislaw August Poniatowski in 1775–79 to an early classicist design by Domenico Merlini.

The palace's main, three-story body features a central entry niche and is flanked by quarter-circle wings. The facade is adorned by an enormous shell with sculptures of Zephyr and Flora by Giacomo Monaldi. The gently recurved rooflines reflect then-popular Chinese designs.

Initially the palace housed royal courtiers later it was taken over by Prince Józef Poniatowski, whose initials appear in a cartouche over the entrance.

The palace survived World War II.
